Social Studies – Community & Diff between Public & Personal Issues

Announcements

New Field Trip Forms – A NEW Field Trip form is in the Friday Folders. The 2nd grade team combined the remaining field trips for the year on one form with one total cost of \$23. I realize you just paid a large amount for Greensboro, but we decided it would be more efficient to ask for only one final payment for the remainder of the year. You will NOT be asked for any money for the rest of the year. 😊

Interims Home – Please take a moment to read the packet sent home regarding M-Class scores. Please don't hesitate to contact me with any questions.

SeeSaw – In the Friday Folder you will have a personalized registration sheet to join SeeSaw. We are excited to begin using SeeSaw in our classroom. This is a fun & efficient communication tool that will be used to build a digital portfolio for your child. I highly recommend downloading the free app. As soon as you register, you will begin receiving pics, videos & more from the classroom.

Greensboro Chaperones – If you plan to be a chaperone for the Greensboro Field Trip, please be sure you have registered to volunteer. The county is asking that any volunteers for the year be registered by 10/31.

Volunteers – The following link will be active all year on our class website:
